

Preschool Application Process for Typical Students

Typically developing preschool students are selected for the program through a lottery. To be eligible for the lottery students must be age 3 or 4 by August 1; residents of the district; and typically developing. Cost of participation in the program is \$140 per month.

Lottery applications for placement in the program will be taken from mid-January through the end of February for the following school year. You can fill out an application at Brookville Elementary School, Student Services Office. As part of the application process for typical students, we would like to observe your child in our preschool classroom setting. Please plan on scheduling your child for 2 days of observation in either the AM Preschool Class or the PM Preschool Class.

The lottery will be conducted by the end of April and parents will receive letter notification.

If you have any questions about the application process, please call the student services office at 833-6419.
