

## **Kindergarten Screenings**

Before enrolling in kindergarten, your child will be involved in a readiness screening. Brookville Local Schools provides group screenings that take place in April of each year. The screening assesses your child's skills in: speech/language; vision/hearing; fine motor; gross motor; academic; knowledge of personal data; social emotional functioning; behavioral readiness.

If you have a child who will be 5 on or before August 1, 2018 and want him/her to start kindergarten in the fall, contact the student services office at 833-6419 as soon as possible to schedule your child to come in for a screening. If you have missed the April screening dates, please call the above number to schedule an individual screening for your child. Your child must be screened in order to start school in August.

Kindergarten registration packets, containing information to be completed as part of the registration process, are available at the Brookville Elementary office. Office hours are Monday through Friday 8:00 a.m. to 4:00 p.m.

If you have any questions about the kindergarten registration process, please call 833-6419.
