

## MCR FOR SCHOOLS PROGRAM CHANGES

# Extra credit for your school

Starting on January 20, 2015, MCR for Schools is changing to provide your school more value than ever before.

Upgrades include:

- **Points converted directly to dollars**  
Soon you'll receive cash to purchase what your school needs most. No more catalogs, just cash to be used for supplies for physical education, technology, classrooms and art.
- **New ways to donate**  
MCR members will be able to add cash to their point donation, or choose to give cash only.
- **Social share option**  
MCR members who donate will be able to share on their social networks to spread awareness and drive additional donations.
