

Schools PLP Lessons Learned:

Manipulatives and other supplies, enhance the learning experience but should not be required to complete courses- From Schools PLP

Need a **Graphing Calculator** but don't have one? Use Desmos Online calculator

<https://www.desmos.com/calculator>

Things not showing up? Check your Browser first. Please use Chrome, Firefox or Safari

INTERNET EXPLORER DOES NOT WORK WELL

Can't Save? Your lesson might time out. This was originally set to 15minutes but Schools PLP has moved this back to 30 minutes

Tips and Tricks:

If you are typing a long paper type in Google first and then copy and paste

If you are already stuck, try to copy and paste your work

If that doesn't work take a CLEAR picture and or Screenshot and send to your teacher

Having trouble logging in?

Make sure you have the right URL, username, password

If all those are correct, email your school contact.

They can help reset your password or check your account.

They will send you an email with the updated: URL, username, password
